# KEYNOTE SPEAKERS

## Susan Ershler

Business Executive, Mountain Climber, International Speaker and co-author of: **TOGETHER ON TOP OF THE WORLD**: The remarkable story of the first couple to climb the fabled Seven Summits Susan's record would be remarkable enough if it only detailed her business achievements. During her 23-year corporate career, she's held a series of executive positions in several

Fortune 500 companies, most recently as a Vice President of Strategic Accounts. She led teams to performance records with responsibility for \$600 million in revenue, predominantly designing, selling and deploying large complex data networks for the corporation's largest clients. And during

...remarkable journey culminated at the top of Mount Everest on May 16, 2002. The feat earned them world-wide media attention, including Good Morning America, CNN, The New York Times and countless others. Today, Susan tours the world speaking about her life journey and sharing with others her secrets for success, determination, and achieving seemingly impossible goals. Her clients include technology companies such as: Microsoft, Pacific Edge Software, IEX, ICODE, IBM, iDirect, Maama Desian Automation, Lockheed

## Erich Gamma

Erich Gamma is a Distinguished Engineer at IBM Rational Software's Zurich lab. He is one of the leaders of the Jazz project. He was the original lead of the Eclipse Java development environment and is on the Project Management Committee for the Eclipse project. Erich is also a member of the Gang of Four, which is known for its classical book, *Design Patterns - Elements of Reusable Object-*

*Oriented Software*. Erich has collaborated with Kent Beck on developing JUnit, the de facto standard testing tool for Java software, and on writing the book contributing to Eclipse: *Principles, Patterns, and Plug-ins*.

## John Wiegand
